

ALLEN COUNTY

SPCA YOUR NEW DOG

YOUR COMMUNITY. YOUR SHELTER. YOUR PETS.

Congratulations! We are very happy and thankful that you have decided to adopt a new dog from our shelter. We want to help make this transition as easy as possible so that you and your new dog can spend the rest of your lives together. You can always contact the Allen County SPCA for questions!

The First Day Home

Now that you have committed to a new furry family member, you need to remember that this can be a stressful and exciting time for everyone involved, including your dog.

Your dog has probably been through a lot and will need some time to adjust.

The first day home should be spent allowing your dog to get used to their new surroundings.

It could take days or even months for them to get used to you and your home. Let them go at their own pace.

Establishing a routine will ensure no surprises and help your dog adjust quickly. Give them some time before you take the dog to new places.

Supplies You'll Need For Your Dog:
Food, Water, Bed, Toys, Leash and Collar
