

CALL FOR ARTISTS

The LoveSeats committee is looking for talented artists who want to take part in this project in exchange for a small stipend, media exposure and a chance to unleash their creativity and have some fun! Your canvas will be a 2-person bench delivered to your home or studio then picked up when completed. The LoveSeat will then be professionally clear-coated and affixed to a permanent base where it will be safe for exterior display.

Guidelines

- LoveSeats can be painted, sculpted, decorated and fabricated as long as they can still be used as a bench.
- Must be durable for outdoor and practical for people to sit on.
- No company logos are permitted unless it is part of the design.
- Art must be tasteful and non-offensive to the public as determined by the Allen County SPCA.
- Produce the bench per approved design.
- A stipend of \$500 payable to the artist will be given after the finished piece is delivered on time.

The bench is approximately 7.5 ft wide x 4.75 ft tall with a seat depth of 16". The fiberglass finish may have some imperfections that you will need to work with. Approximate weight is 100 lbs.

LoveSeat art project deadline: In lieu of the COVID-19 pandemic, we are postponing this project. We will still be taking artist submissions but the deadline will be extended to a later date.

There will be many community promotional/exposure opportunities available to participating artists and sponsors throughout the campaign. A plaque with the names of the artist and sponsor will be adhered to the final piece.

LoveSeat Ownership

The benches remain the property of the Allen County SPCA unless transferred to sponsor or purchased by an individual.

Ready to apply?

1. Download the LoveSeat Template and sketch out your concept on it.
2. Click on Artist Application to apply online where you will be asked for your contact info, medium description, a short bio and a place to upload your sketch from #1.
